

Change Control Notification: Additional Sterilization Facility Validated for BioClean™ S-BPBP, S-BPFP and VFM - LSCCN077

Dear Valued Customer,

At Ansell, we are committed to delivering products of the highest quality and ensuring customer satisfaction. As part of our ongoing efforts to enhance our services, we are pleased to inform you of a significant development that will further strengthen our commitment to product quality and reliability. In response to the growing demand for our products, and to fortify our supply chain against unforeseen challenges, we have recently successfully validated the following products at our in-house sterilization facility – Ansell Melaka, Malaysia.

Style	Description
S-BPBP-1-BL	BioClean™ Permaflow Irradiated Cleanroom Ballpoint Pen - Blue
S-BPBP-1-BK	BioClean™ Permaflow Irradiated Cleanroom Ballpoint Pen - Black
S-BPFP-BK1	BioClean™ Permaflow Sterile Cleanroom Sharpie - Black
S-BPFP-BL1	BioClean™ Permaflow Sterile Cleanroom Sharpie - Blue
S-BPFP-RD1	BioClean™ Permaflow Sterile Cleanroom Sharpie - Red
VFM210-L	BioClean™ Clearview Sterile Looped Visor Facemask
VFM210-T	BioClean™ Clearview Sterile Tie on Visor Facemask (MOQ/MTO)
VFM210-T-SLOT	BioClean™ Clearview Sterile Tie on Visor Facemask

Products sterilized at Ansell Melaka will be indicated on the Certificate of Irradiation (COI) as shown below and the shipper case will display the following sterilization sticker:

STERILIZATION STICKER - Indicator dot turns red after gamma irradiation.
