

Dear valued customer,

We are committed to increasing and providing a continuous supply of products to you. For us to increase output we will be transferring the sewing location of the products listed in Table 1 from Sri Lanka to China. This will mean the Country Of Origin will change to China.

**Table 1**

Product Style	Description
S-BDSH	BioClean™ Sterile Drop-down Coverall
S-BDSH3	BioClean™ Sterile Drop-down Coverall with integrated facemask
S-BDOB	BioClean™ Sterile Disposable Overboots
BDOB	BioClean™ Disposable Overboots
S-BDOB-L	BioClean™ Sterile Long Length Disposable Overboots
BDOB-L	BioClean™ Long Length Disposable Overboots
BPC	BioClean™ Pharma Covers

**Timeline:** The transition, of the products listed above to Ansell China will happen over the next 3-4 months, with products in new packaging artworks expected to reach the market from the end of March 2024 (dependent on regional warehouse stock levels).

**Sterilization:** The products will be sterilized (if applicable) at an Ansell validated sterilization facility – Synergy Sterilisation (M) Sdn Bhd (Steris), Malaysia, Grand Ten Holdings, Malaysia, or Ansell Melaka, Malaysia. Products will continue to be processed and packed for cleanroom use at Nitritex (M) Sdn. Bhd. Malaysia. The new ‘Made In’ details will reflect the source country where the product is sewn.

**Packaging:** The ‘Made in’ details on the packaging artworks for these products will change from Sri Lanka to China.

The products in Table 2 will not be transferred to Ansell Textiles Lanka, Sri Lanka as originally communicated in LSCCN007.03. The sewing source will remain in China (not Malaysia) as communicated in an announcement sent in June 2021 titled – Product Packaging Artwork ‘Made In’ Details Update.

**Table 2**

Style	Description
-------	-------------

S-BDCCT	Sterile BioClean™ Coverall with collar
BDCCT	Non-sterile BioClean™ Coverall with collar
S-BDSC-L	Sterile BioClean™ Sleeve Covers
BDSC-L	Non-sterile BioClean™ Sleeve Covers

S-BAKCT	Sterile BioClean™ Kit (Coverall, Hood & Overboots)
S-BDSH3	Sterile BioClean™ Drop-down Coverall with integrated facemask

**The product design has not changed, and the post-processing and packing remain unchanged, this will still be carried out at Nitritex (M) Sdn. Bhd. Malaysia. Sterilization (if applicable) will be at an Ansell validated sterilization facility – Synergy Sterilisation (M) Sdn Bhd (Steris), Malaysia, Grand Ten Holdings, Malaysia, or Ansell Melaka, Malaysia. At the same time, we are in the process of validating post-processing and packing at Ansell Lanka (Pvt) Ltd. This will enable Ansell Lanka to become an additional washing, drying, packing & gamma sterilization site, ensuring smooth product supply. Packing of the product will also remain in a NEBB certified ISO Class 4 cleanroom.**

Please contact your local Ansell Customer Service department or your local Ansell Sales Representative if you have any questions regarding any of the information contained within this announcement. Thank you for your continued loyalty and trust in Ansell.

Sincerely,

**Ekaterina Bogomolova**  
EMEA Sr. Director, Marketing
