

Change Control Notification – CC-FMC4 Blue Clip Facemask Loop Connector Improvement

Dear Valued Customer,

Ansell is continuously looking to enhance/improve existing products as well as develop new products. Our latest developments include sourcing a new blue clip connector for the flat ear looped facemasks to enable an adjustable fit to suit users' preferences, please see the images below, the styles affected will be:

Style	Description
CC-FMC4	Blue Clip Connector (2,000 pieces per carton)
MEA210-1	BioClean™ Sterile Looped Facemask (individually packed)
MEA210-2	BioClean™ Non-Sterile Looped Facemask (individually packed)
VFM210-L	BioClean™ Sterile Looped Facemask with visor (individually packed)

Specification:

Connector	Length (mm)	Height (mm)	Thickness (mm)	Weight (g)
Existing	50	13	1.00	0.4
New	53	15	1.47	0.6

Please note the facemasks will be presented with the connector in position 1. This is a rolling change, however, the new improved connector will be available immediately as a stand-alone product item (Style: CC-FMC4), when the new style connector will be seen on the facemasks, listed above, will depend on the regional warehouse inventory levels.

Should you have any questions regarding the information covered by this announcement, please contact your local Ansell customer service or sales representative.

Thank you for your continued loyalty and trust in Ansell.

Yours sincerely,

Ekaterina Bogomolova
